Multi HIA & MBA award winning builder, Brian Hopwood:

My Message: I have built homes in the Coffs area for over 20 years, and I love building.

My favourite part of the process is visiting every client onsite every week.

I love the genuine thrill of clients seeing their dream come alive through using our quality products and local tradesmen, including knowing the total price from the very beginning. They get the complete package and they deal with me from beginning to end.
